

**Hello, driver. Let's talk business. Let's talk your business.**

**Your place of business isn't a place at all. It's a truck.**

**And this year it'll go about a quarter million miles.**

**Drivers like you need an insurance company that isn't a place, either. You need FirstGuard.**

**Our free Trucker1 mobile app for iPhone puts our entire company in your pocket, 24/7 coast to coast. Wherever you find yourself, when you need insurance info, service or help with a claim, Firstguard's on your phone.**

**Right now, drivers with a clean MVR get ten percent off physical damage and NTL coverage for downloading the app...on top of FirstGuard's twenty-five-percent-lower rates!**

**We're FirstGuard, the leased owner-operator's insurance company. Download our Trucker1 app for iPhone.**

**Going to MATS? Find the First Guard booth to get your picture taken with Miss Kentucky or a Maxim model and learn how to save BIG on truck insurance!**

**FirstGuard is available in most states, restrictions apply. See our website [FirstGuard.com](http://FirstGuard.com) for complete details.**

**And let's roll.**
